Summary: Naruto and Hinata are Youtubers, Naruto being UzumakiFoxBoy and Hinata being Hina Chan. What will happen after all of the subscribers OTP's have become canon?

NaruHina: YouTuber edition

****Hey guys! So I have not seen this fanfiction yet, so naturally, It needs to exist. I will Write each chapter as if Naruto and Hinata were filming a YouTube video on each of their channels, enjoy! :)****

Naruto Uzumaki was setting up his camera to make a YouTube video for his channel, UzumakiFoxBoy, and utterly failing, while his girlfriend, Hinata, Also known as Hina~Chan sat and laughed at him in the background, then got up to help him. When the camera finally balanced on Naruto's Tripod, he pressed record and then started the video.

"Hey guys, it's Naruto, and today I have with me, my Girlfriend Hinata, but you may know her as Hina~Chan." Hinata smiled and waved both hands at the camera.

"Hi guys!" Naruto laughed and slipped his arm around her waist.

"And today we will be doing.." Naruto sighed and pouted for a minute as Hinata laughed at him cutely and then said the rest for him as his head lay on her lap, regretting everything he agreed to.

"We will be doing the Girlfriend Does My Makeup tag!" Naruto got up and sighed, but then sucked it up as he said the rules and explained the tag.

"So basically, Hinata will ask me questions about her, and if I get them wrong, she gets to put one makeup product on at a time." Hinata laughed and spoke.

"Of course it's one at a time, how can you put more than one makeup product on at a time." Naruto bended his knees and acted like he has a bazooka gun and fired it.

"Makeup bazooka gun." Hinata laughed.

"Naruto, nobody would ever use that, except maybe Orochimaru. Naruto laughed and faced the camera.

"Anyway, lets begin! Hinata, ask the first question." Hinata pulled out her iPhone 6 and read off her questions.

"How bout we shake things up a bit?" Hinata said smirking. Naruto shrugged

"Whattya got in mind."

"How about, after every questions you get right, we kiss on the lips." Naruto nodded easily, wanting any excuse to kiss Hinata on camera to tell the fanboys they best back the fuck up.

"Alright." Hinata smiled and nodded.

"What is my favorite color?" Naruto looked into her eyes and smiled.

"Lavender, like your beautiful eyes." Hinata blushed and then leaned into kiss him, the kiss being not long, but not short and filled with passion, but not very intense. Hinata moved on to say the next question.

"When is my birthday." Naruto thought for a moment and then spoke, not wanting to make Hinata sad.

"December 27th, 1991." Hinata smiled and kissed Naruto, then moved on to read the next question.

"This is a bit of a hard one, what was the first pickup line you have ever said to me." Naruto smiled and said the answer in less than 3 seconds.

"Hey, are you a nail, cause I would hammer you any day." Hinata laughed for awhile as Naruto laughed with her, and then Hinata spoke.

"Thanks, I would bang you too." And then the laughing continued.

"Anyway, what do you think I would say is my talent. Naruto laughed, joking around.

"Loving me." He said while putting his hands on his chest. Hinata sat wide eyed.

"That is actually what I put as a joke!" Naruto pumped his fist into the air.

"OH YEAH!" Hinata laughed and continued.

"Last question, Would you ever consider marrying me." Naruto laughed.

"Dunno how I was supposed to get this wrong. Like, No! You must marry me! No points for you!" He laughed and then turned to the camera.

"No, but yeah, I would marry you." Hinata smiled and kissed him longer than the other ones, and deeper.

"Lets take this over there, Hina." Hinata smiled at Naruto's nickname he only calls her when he is horny.

"Alright."

~Two Hours Later.~

Naruto and Hinata put back on their clothes and smiled at the camera, just remembering it's existence.

"That concludes the video guys, check out my girlfriends channel, I will link it below, and remember, Be unique!" And he ended it, crashing on his bed, cuddling.

It is safe to say which parts were edited out that day...

End
file.
